Mr Jacob Ten Eyck Sir

It has been some weeks since Mr Rowsa came to me with the Interest which was then due on his contract; at the same time stating that he expected money from N.Y. so that he should soon be able to make payment as was expected when I wrote to you last fall (1841) - I declined taking it hoping he would receive the money before this for you - He has again called on me and he is disappointed about getting his money but will pay the Interest due to the first of January next but wishes you to <sup>the payment now due on</sup> extend his contract one year longer as he is not in a situation to make out the money himself without some assistance which he is not able to get at present - If it cannot be arranged without, I shall come and see you in a few days at his request as he does not wish to have a quarrel in the situation it is now in

Please to write as soon as you receive this and let me know ~~what you~~ what you wish to have done about it Also I want to know if you received \$20. which I enclosed in a letter and mailed at Constatinle sometime in the month of Jan'y or Feby last for you which I meant of him about that time

Respectfully Yours  
E. Spencer

direct to Constatinle Lewis Co. without mentioning the Town in which I live
